Elegant Concrete

MATERIA è la nuova collezione che ridefinisce l'essenza del cemento per Kronos, elevandolo a un'espressione di eleganza moderna e raffinata. È caratterizzata da 9 colori attentamente selezionati, che spaziano tra tonalità calde, fredde e colori di tendenza.

Ogni sfumatura è stata pensata per offrire la massima flessibilità creativa, arricchita da elementi decorativi a corredo che conferiscono un carattere unico a qualsiasi ambiente attraverso grafiche, tonalità, texture e una meticolosa cura dei particolari. Ogni prodotto è stato realizzato con terre nobili a colore per garantire uniformità estetica in tutto lo spessore ed una profondità visiva naturale ed armoniosa. Questa tecnica produttiva garantisce una resistenza maggiore all'usura e allunga il ciclo di vita delle pavimentazioni, oltre a garantire una migliore estetica nelle lavorazioni speciali.

MATERIA is the new collection that redefines Kronos's approach to concrete, elevating it to an embodiment of modern, refined elegance. It offers 9 carefully selected colours, embracing warm, cool and trendy tones.

Every specific shade is intended to deliver unrivalled creative freedom, extended by decors that give any location a unique personality, through graphic patterning, colour shades, textures and meticulous attention to details. Each product is made from choice quality coloured clays to guarantee the same appearance throughout its thickness and a natural, appealing visual depth. This production technique ensures greater wear resistance and extends floor coverings' lifecycle, as well as guaranteeing a more attractive appearance for specially shaped pieces.

Chromatic Harmonies

Per valorizzare al meglio la Collezione Materia, abbiamo sviluppato una serie di prodotti perfettamente coordinati dal punto di vista cromatico e materico con le 9 tonalità proposte.

Mosaici in ECOMATERIA: argille a colore mischiate con vetri di recupero, prodotti ecologici ad alto contenuto estetico che riescono a valorizzare la profondità delle superfici e migliorare l'armonia degli ambienti. Disponibile anche uno stucco epossidico tono su tono in abbinamento per ogni colore.

Mobili in legno laccato: progettati per fondersi con gli ambienti contemporanei tutto tono in un mix legno e gres, offrendo un perfetto equilibrio tra estetica e funzionalità.

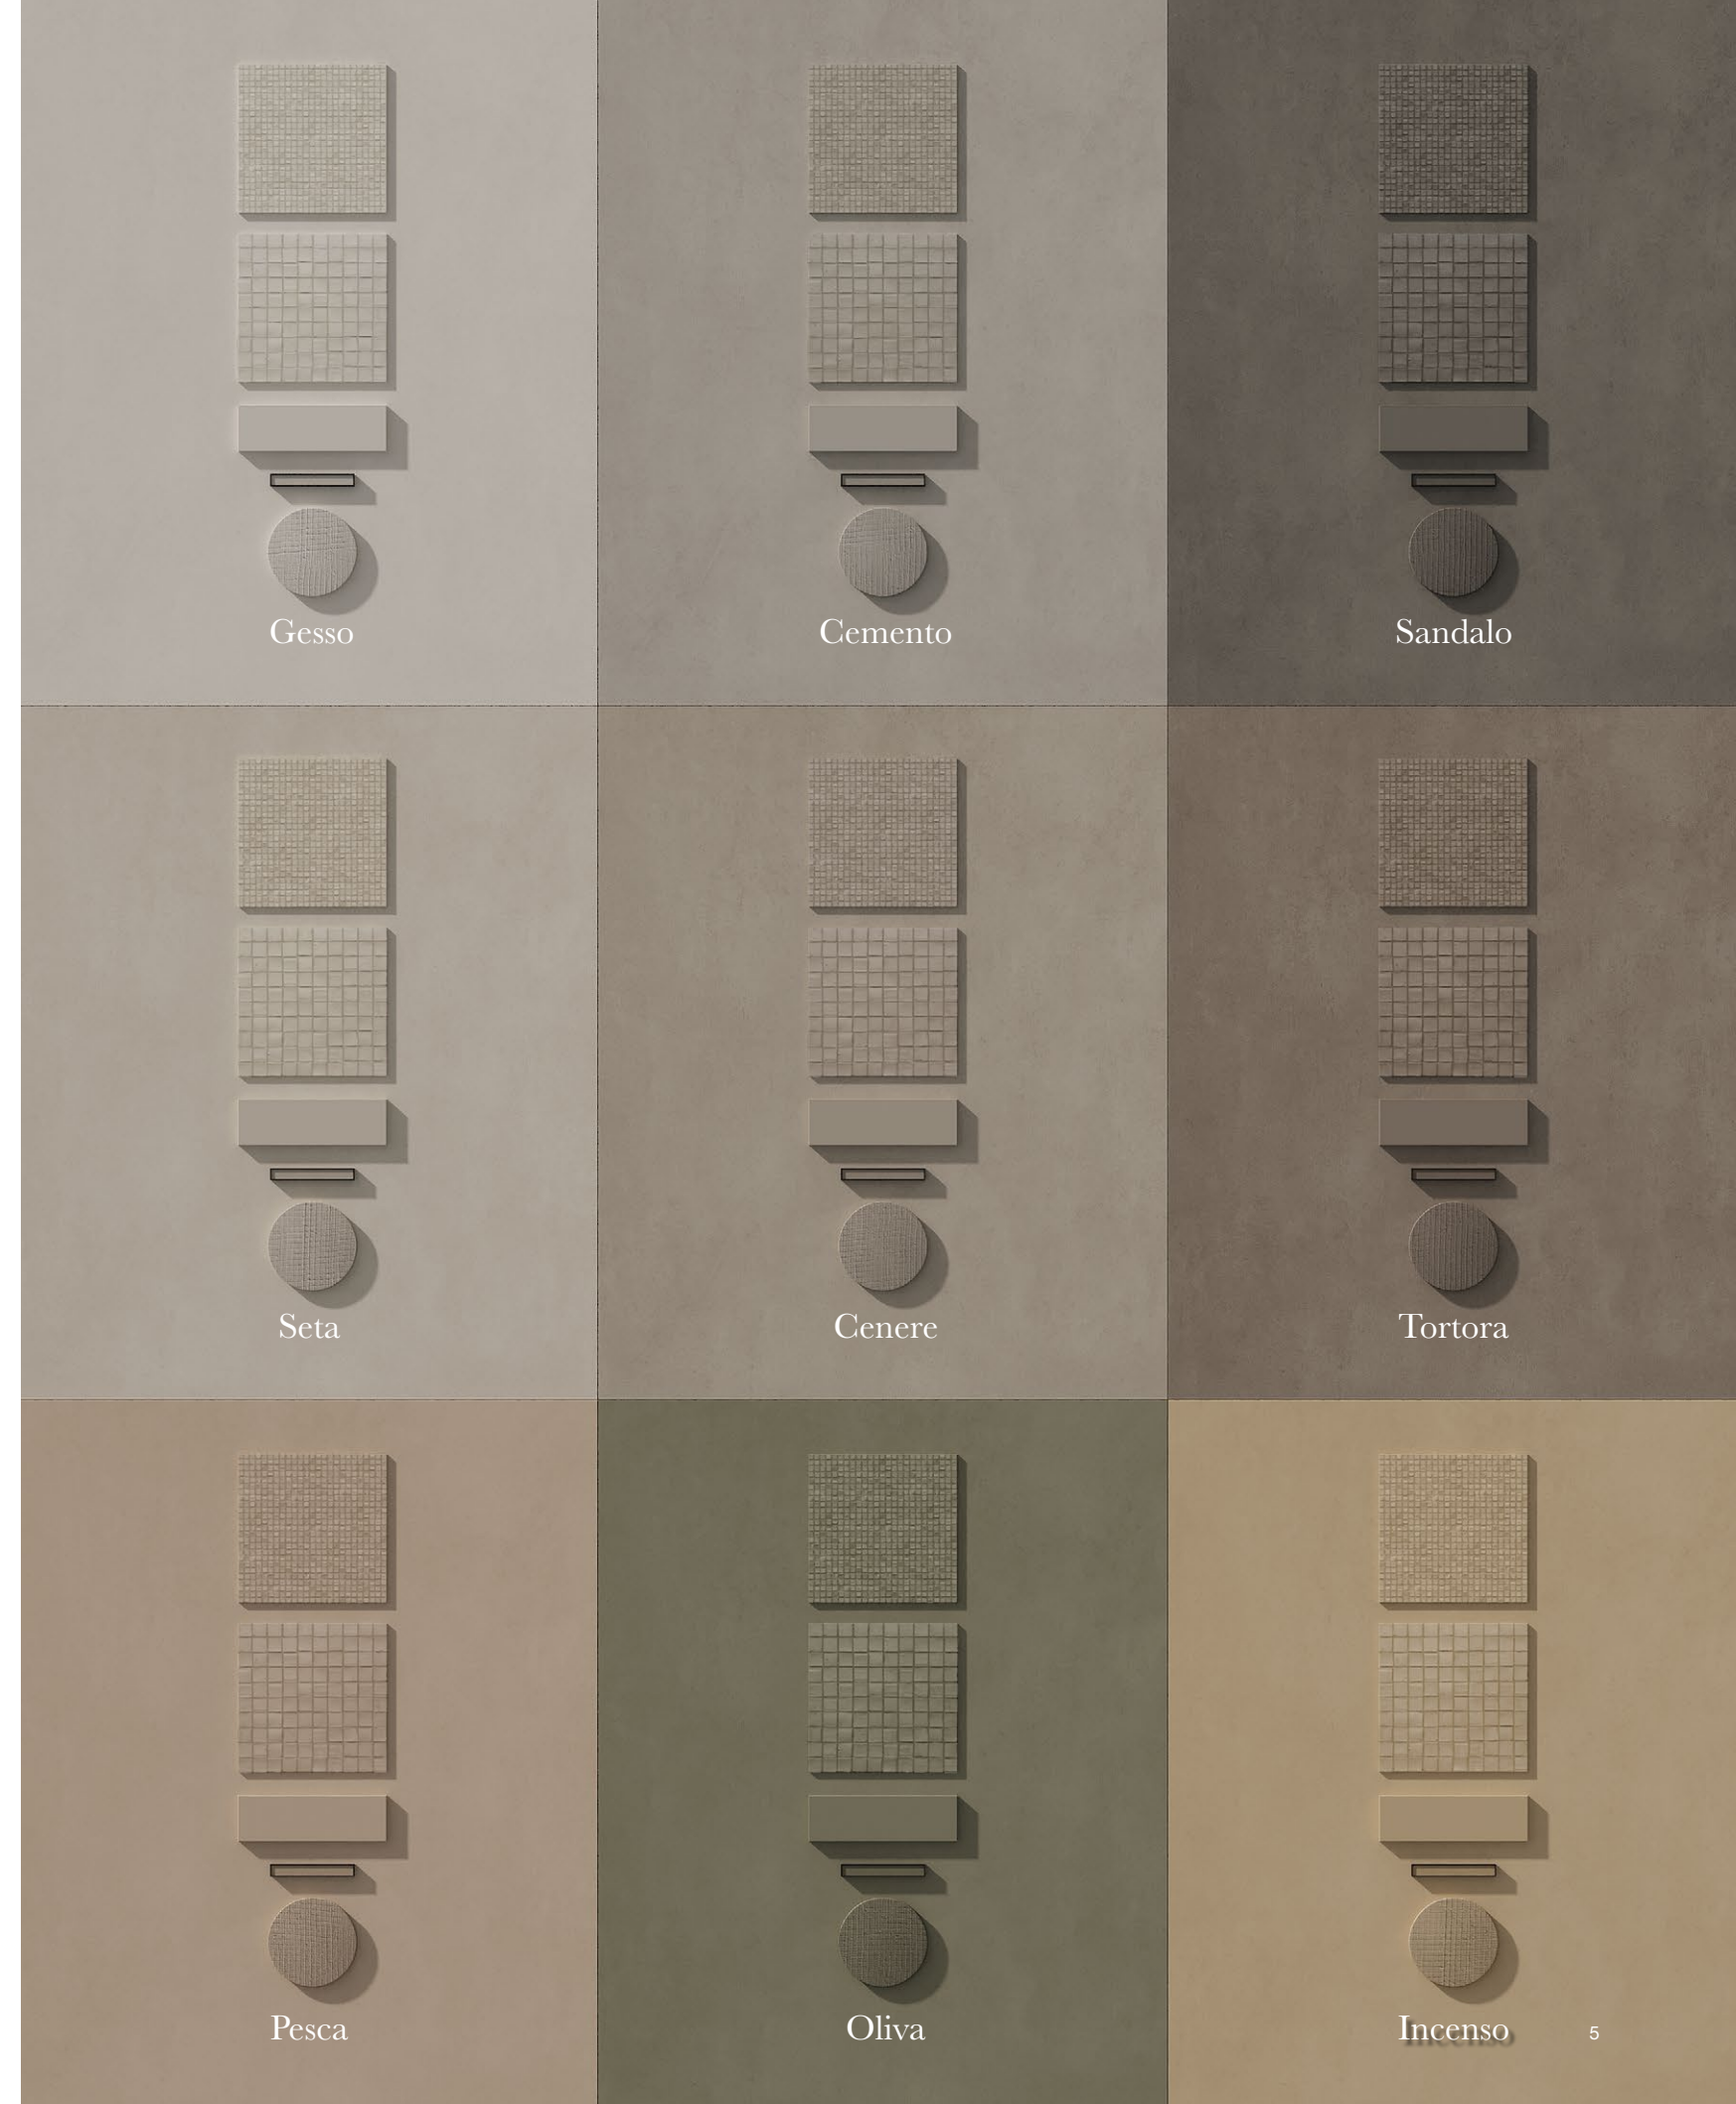

Creazioni artigianali: Vasi fatti a mano esclusivi, moderni e di design, capaci di aggiungere personalità e raffinatezza a qualsiasi spazio.

To enable the Materia collection to achieve its full potential, we have developed a series of products perfectly matched in colour and texture with the 9 shades in the range.

Mosaics in ECO MATERIA: coloured clays mixed with recycled glass, to create extremely attractive, highly environment-friendly products that emphasise the surfaces' depth and add harmony to design schemes. A matching tone-on-tone epoxy grout is also available for each colour.

Lacquered wood furniture: designed for use in contemporary colour-matched interiors in a mix of wood and stoneware, with the perfect combination of style and function.

Crafted creations: Exclusive modern hand-made vases of exquisite design, able to add personality and refinement to any interior.

Beyond the Stoneware

Si allarga la proposta commerciale offerta da Kronos. Non ci limitiamo ad offrire i nuovi mobili rivestiti in gres, ma proponiamo anche soluzioni in legno laccato, disponibili in una gamma di colorazioni esclusive.

Ogni tonalità è stata attentamente studiata per armonizzarsi alla perfezione con la palette cromatica della collezione Materia, garantendo la creazione di elementi unici, versatili e contemporanei.

Kronos has extended its commercial offering. No longer only offering our new stoneware-clad furniture, we now also have lacquered wood solutions in a range of exclusive colours.

Each shade has been carefully chosen to harmonise perfectly with the Materia collection's colour range, creating unique, versatile, contemporary interior design features.
